AUGUST MONTH MINUTES FOR DEPARTMENTAL WITH EXTENSION ACTIVITY

Event : "Departmental With Extension Activity"
Date : 31-08-2018
Class : I & II PG Biochemistry
Beneficiars : 30

Faculty and Students from I and II PG Biochemistry and microbiology from Sri Akilandeswari Women's College, Wandiwash have visited our Govt. Higher Secondary school at Mazhaiyur. They have analysed blood grouping and Haemoglobin Estimation for our school students from 6th standard to 12th standard. Nearly 617 students from various classes participated and they were given report for Haemoglobin Estimation and Blood grouping. Haemoglobin estimation was done for 258 students from 11th and 12th standard.

From the report it was found that 10% of students were found to be Anaemic because of their low Hb level below 8 gm/dl. Students were recommended to take more Iron containing foods (Dates, Drumstick leaves, Amla, Fig fruit, Green leaves, etc.,). At least 1 gm of iron containing food to be taken for increasing Haemoglobin level.

Finally we thank the Management, Faculty and students from Sri Akilandeswari Women's College, Wandiwash
