INTRODUCTION TO SUN

Open Space Foundation in association with International Astronomical Unit (IAU) organized a wonderful virtual session with an astronomer and stellar science expert on 'Introduction to sun'. Our resource person IAU astronomer Clementina Sasso, INAF-Osservatorio Astronomico di Capodimonte, Italy, gave a brief introduction to the sun as G-star and a chance to peek into the first images of the solar orbiter of solar mission, in which the speaker was involved. It was an excellent interactive session with IAU astronomers on various domains of space science. Nearly 1000+ students and teachers have participated in this wonderful session.

INTERNATIONAL ASTEROID DAY

International asteroid day is observed globally on 26th June 2021. Asteroid day aims to raise public awareness about asteroid impact hazards and to inform public about the crisis communication actions to be taken at the global level in case of credible near earth object threat. This year International asteroid day was celebrated in association with Sir. C.V. Raman Club. The guest was heartily welcomed by A. Aswini, III UG Physics. The special lecture was given by Dr. S. Pravithra Assistant Professor of Physics, on current theory which suggests that asteroids are planetimals - the building blocks of planets never incorporated into our solar system. The session was an eye opening event to the students to the participate with full enthusiasm. The vote of thanks was delivered by N. Saraswathi, III UG Physics to honour our valuable guest.

DEBATE COMPETITION

The World space week aims to acknowledge the great accomplishment of thousands of people in the space sector and how their achievements have significantly catalyzed the economic and cultural growth of our world. Debate competition was conducted on 8th October 2021 for world space week. The 2021 theme of space week is "Women in Space" with this theme we will bring more awareness to the issue of gender diversity in the space sector. The aim of the competition is to encourage public speaking skills of the skills. The special guest was heartily welcomed by S. Ramya, 11 Pgt Physics. Two team students from department of physics spoke eloquently on the topic "Women in Space". Mrs. M. Giraharamalar Assistant professor of Tamil and Dr. V. Mania Vinod Assistant professor of physics were the judges for the event. The session has opinions, ideas and perspectives which enriched the knowledge and understanding of the topic among the students. The event came to an end by vote of thanks proposed by S. Suetika, 11 Pgt Physics.

APPLICATIONS OF SOLAR ENERGY

Department of physics in association with Anyababatta Adventure Club organized a lecture on "Applications of Solar energy". The special guest was heartily welcomed by A. Sangeetha, III UG Physics. The resource person for the lecture was Dr. S. Jeeva, Assistant Professor of Physics, the discussion was on components of solar panels, long term batteries, stem for connecting the panels. The main applications of solar tree is continuous power supply, which is proved it is very beneficial in industrial power supply. To fulfill the improving energy demand to the people and saving of land to this project is very successful one. The extra energy can be provided to the grids. The session was so lively and more relevant to the environment. Finally, the vote of thanks was delivered by R. Yuvalakshmi, III UG Physics, for her own guest.

NATIONAL EDUCATION DAY - 2021

REPORT

Webinar on Evolution of Education & Financial Aid in India In Commemoration of National Education day - 2021. jointly organised by Institution's Innovation Council & Department of physics on 20.11.2021. Mr. S. Selvakumar, Head Department of physics and Members of IIC delivered the welcome address Dr. N. Tamilarasi Head, Department of Computer Science & President of IIC delivered the focal theme of the day. Dr. S. Rukmani, Principal delivered the presidential address. Dr. B. Murimutham Chairman & Founder and Dr. M. Ramanan Secretary felicitated the webinar and congratulated the team for organising the webinar. Dr. A. Tabarali Assistant professor of statistics, Madras Christian College (Autonomous) Chennai delivered the special address. Mr. C. Kumaran Assistant Professor of physics coordinated the Question answer session. The webinar came to an end with the vote of thanks by Dr. V. Maria Vinod Assistant professor of Physics.
